ADA/DC of Nebraska 2009 Milk Vending Grant Application

Overview

Milk is a powerful source of calcium and other essential nutrients which make it a healthful alternative to offer to your students in your schools vending machines. By placing a milk vending machine at your school, you will allow your students to make healthier beverage choices and improve their nutrient intake at a time when the majority of youth fail to meet the recommendations of the USDA's Food Pyramid and fall short of meeting recommendations for key nutrients such as calcium.

Grant Program

The American Dairy Association and Dairy Council of Nebraska will award up to ten (10) \$1,500 milk vending grants during the 2009 calendar year. The grants are open to any secondary school in the state of Nebraska.

Application Process

In order to receive a Milk Vending Grant the ADA/DC of Nebraska must receive:

1. A copy of the invoice from the purchase of your school's milk vending machine.
2. A completed **2009 ADA/DC of Nebraska Milk Vending Grant Application**
3. A completed & signed **2009 ADA/DC of Nebraska Milk Vending Grant Contract**

Fax, mail or e-mail the completed application packet to:

Jennifer Meyer, RD
Director of School Nutrition Programs
ADA/DC of Nebraska
8205 F Street,
Omaha, NE 68127-1779

ADA/DC of Nebraska 2009 Milk Vending Grant Application

I, as a representative of the school named below, am authorized to sign this contract and accept a \$1500 Milk Vending Grant from the ADA/DC of Nebraska to aid in the funding of a milk vending machine.

I agree that choices other than dairy products (milk, cheese, and yogurt) **WILL NOT BE OFFERED** in the vending machine for a minimum of two school years.

I understand and agree that the ADA/DC of Nebraska assumes no responsibility, liability or ownership of the vending machine.
